

# NEXGEN® ADVANCED STARTER CRUMBLE BASE

## PRODUCT DESCRIPTION

Used as a starter pig feeding program for transitioning weaned pigs weighing 12 to 25 pounds to less complex diets. The unique blend of ingredients and additives provides a smooth diet change to match the digestive capabilities of young pigs to help manage gut health and stool quality; and minimize upsets which is important to maintaining growth.

## FEATURES & BENEFITS

### NutriVantage® for swine

A proprietary, research driven ingredient which supports gain, livability and increased glucose levels in stressed pigs.

### Added Fiber

Included at a level to provide optimal amounts of insoluble and soluble fiber to help support gut health and stool quality.

### Low Protein with Optimal Amino Acids

Help manage stool quality while supporting growth and development and maintaining gut health.

### Kent Natural Yeast

A unique strain of *Saccharomyces cerevisiae*, research proven to increase dry matter intake, feed efficiency and average daily gain.

### HiPhorius™

Using the latest generation of phytase reduces the amount of added inorganic phosphorus needed to meet the pigs' specific requirements, reducing feed cost and improving environmental impact and sustainability.

### Selisseo®

An organic selenium source (selenomethionine hydroxy analogue) research proven to improve antioxidant status and improve the feed conversion ratio in piglets as well as increase muscle selenium concentrations.

## MIXING DIRECTIONS

Mix one of these diets to make a ton of complete feed for pigs. For detailed mixing and feeding directions, consult your Kent Nutrition Group swine representative.

Ingredient	Phase 1	Phase 2
Corn (7%)	510	795
Soybean Meal	350	415
Fat/Oil	40	40
NexGen Advanced Starter Crumble Base	1,100	750
<b>Total, lb</b>	<b>2,000</b>	<b>2,000</b>
<b>Protein, %</b>	<b>17.7</b>	<b>17.8</b>

## NEXGEN® ADVANCED STARTER CRUMBLE BASE

For starting pigs.
